New to the neighborhood?  
Please contact Paul Merlo @ [president@rochesterglens.org](mailto:president@rochesterglens.org)

## Neighborhood Public Service Announcements

### Feeding the wildlife

Did you know the City of Rochester Hills has a ban on feeding deer? It is unlawful to place on the ground, or within five feet of the ground, any fruit, berries, grain, vegetables, nuts, salt or other edible materials that may attract or feed deer. This law was enacted to decrease the large deer population, traffic hazards, deer/human interaction, the spread of deer-related diseases, and damage to private property. While some residents enjoy recreational viewing of deer; this action is detrimental to the animals, attracts predators and nuisance species (raccoons, coyotes, rats, etc.); and can draw deer seeking food to cross heavy traffic areas, causing deer/vehicle accidents. Please don't feed the deer!

### Avon Road Closure:

We understand that due to Avon Rd being closed between Livernois and Crooks, there has been increased traffic on Livernois, including some vehicles using our neighborhood as a cut through. We have contacted the Sheriff's department and have requested added patrols to the area during the morning and afternoon commutes to try to discourage this.

### Livernois tree damage update:

It has been brought to our attention that the trees along Livernois have been damaged by the utility companies over the years. The damage has caused the trees to die and look unsightly. We have looked into this, and are trying to have them fixed up soon.

Have you been doing some Spring Cleaning? Perfect because it's that time of year, time for the Tri-Sub Garage Sale!

This year it is happening  
Thurs-Fri-Sat May 15-17.  
Please mark the date in your calendars  
and be aware that there will be  
increased traffic during this time.

### PICNIC IDEAS?

We are in the planning stages for the next Neighborhood Picnic! Please email us with any ideas or suggestions that you'd like to include this year.
